

# Fish-n-Learn 1 Education Program

This program series is designed for children, ages 8-15, to learn all about fishing and the equipment needed to fish in a pond, a river, or the ocean. Our next **Fish-n-Learn 1** class will be for beginner anglers. It will focus on the basics of fishing, equipment, casting, and cleaning your catch.

Participants will stay and dine at the Charlie Elliott Conference Center. The program includes fishing on one of our ponds as well as instruction on equipment, fishing regulation, and basic fish biology.
