

Wormsloe State Historic Site

Group Program Guide

Thank you for your interest in visiting Wormsloe State Historic Site!

We look forward to providing you and your group with an unforgettable experience.

Wormsloe is a unique historic site, dedicated to protecting the fortified home of one of Georgia's earliest colonial settlers.

What to expect: We welcome you and your group to learn about the establishment of Georgia as a colony. Our small museum, filled with artifacts and exhibits, is available for your group to explore. Our interpreters lead engaging walking tours to the ruins of Noble Jones' 1736 fortified home, his gravesite, and a Native American shell midden.

Amenities: Gift shop, restrooms, and a picnic area are also available. While there is no food to purchase on site, there are 20 picnic tables available on a first come, first served basis. Your group is responsible to dispose of any waste in the bins provided.

Mobility assistance: Golf carts (operated by staff) are available upon request for any visitors unable to walk the flat, rooted, natural-surface trails. *Please notify our staff of any mobility assistance needs in advance so we can best serve you.*

Please allow a minimum of 1 hour and 30 minutes for your group program. Times vary according to group size. Large groups should plan to divide into smaller groups of 25-30 visitors. Please determine smaller groups ahead of time to get the most out of your experience. Programming is subject to change if group arrives late.
